

# Tu B'Shevat Schmooze

## Let's Talk about Trees

Wednesday January 27 at 8pm on Zoom

**Caroline Scanlan**, an urban forester and ISA certified arborist will join us to talk about the work t she is doing with Urban Resource Initiative (URI) to help maintain green space in New Haven. Caroline is the Greenskills Program Manager atURI.

Urban Resources Initiative (URI) is both a program of the Hixon Center of Urban Ecology at the Yale School of the Environment as well as a nonprofit guided by a local board of directors. Together they create field opportunities for Yale students to learn while simultaneously giving back to the community. Founder Bill Burch describes this as a 'mutual pathway of learning' where community members and Yale student interns learn from each other and together improve the environment. They are working tirelessly to keep New Haven green.
