

**BEKI/BJ Kadima Parent Volunteer Form  
2012-2013**

Dear Parents,

Mazal tov!! Your child has chosen to belong to a unique synagogue-based youth group which combines social, religious and educational activities in a Jewish setting. This year we are planning many local and regional programs, which may require increased numbers of drivers and chaperones. To make these activities successful and safe, we need your help. Please check off at least **3** activities from the list below that you would feel comfortable doing in order to make your child's Kadima experience that much more positive. While it is understood that not every parent is available for every event, it is important to show your support for your child's Jewish involvement by being willing to offer your help.

Thank you!

Please feel free to contact advisor
