**Dan Oren and Friends**

**Travel to Poland and Reclaim Jewish History**

In July 2016, an intrepid band of B'nai Jacob and BEKI members (Linda Schultz and Howard Gralla) took a trip to the complex nation of Poland. Led by Dan Oren, MD, they took an exhilarating tour concentrating on the Jewish highlights (and lows) of the country. Then they spent four amazing days with a group of American Baptists (*The Matzevah Foundation*) and Poles (*The Well of Memory Association*) restoring the Jewish cemetery of Markuszów from the state of a jungle back to dignity. Uncovering historical treasures there, they concluded with a touching ceremony including townspeople, dignitaries, and the chief Bishop of Jewish-Christian dialogue for Poland. Please join us to hear their story.
