*Poisoning the Wells: Antisemitism in
Contemporary America***

“In twenty-first century America, antisemitism is on the rise, especially on the extreme left, the radical right, and within political Islamism. Expressions of this oldest hatred are also increasingly prevalent in popular culture, where they are spread--wittingly or unwittingly--by politicians, entertainers and celebrities, the media, social justice activists, and religious leaders, as well as in universities, in schools, on the streets, and even, in some instances, by Jews.”

“In a series of groundbreaking essays by leading scholars, *Poisoning the Wells* provides a detailed analysis of contemporary antisemitism, with a focus on the United States, and examines its origins, its development, and its alarming implications.”
from the introduction to *Poisoning the Wells*

Blackmer will share some of the highlights of the book and will lead us in a conversation about the important topic of antisemitism in the U.S.

Corrine Blackmer is a member of the BEKI community and a professor of English and Judaic studies at Southern Connecticut State University.
