## Getting Personal: Yaron Lew Talks About Growing Up On Kibbutz

Yaron Lew is the current President of the BEKI Board. Many of us have been fortunate enough to hear his stories about life growing up in Israel. But we certainly haven't heard them all! Tune in to hear more and to have a chance to ask questions about his Kibbutz life; he might even share some stories about his military years and his work on a submarine! If we're very lucky, he might share his recipe for gefilte fish!
