

# Tikkun Olam Nepal

In July, **Dr. Jennifer Botwick** was part of a humanitarian team deployed to Nepal to provide play therapy and trauma relief to children displaced and traumatized by the April earthquakes. For two weeks, Jennifer and her second response team members ([secondresponse.org](http://secondresponse.org)) met with hundreds of children in schools and orphanages throughout Kathmandu and its neighboring villages. Join us for a slide show presentation & talk as Jennifer takes us on a colorfully rich and meaningful journey of helping to repair the world shattered by earthquake in Nepal.

Sunday, October 18, 2015 10:00am  
following morning minyan

Coffee and refreshments will be served
